

DISCLOSURE OF FEES AND CHARGES

EFFECTIVE MAY 1, 2017

UNIFY
FINANCIAL CREDIT UNION

UNIFY Financial Credit Union offers most services at no charge to account holders. Certain costly services make some fees necessary. By asking account holders who use these services to help pay for them, all account holders pay lower fees overall.

Account holders who use CU Service Centers (Shared Branching Network) may be charged for some services. The amount charged will depend upon the service and is established by the hosting credit union.
