

Effective July 30, 2021

All UNIFY Financial Federal Credit Union (UNIFY) products and services are subject to UNIFY membership eligibility requirements and qualification criteria. Not all UNIFY share products and services are shown below. For specific details about UNIFY products and services, including applicable dividend rates please see our Membership Booklet and Consumer Share Rates and Truth-in-Savings Disclosure.

UNIFY offers most services at no charge to account holders. Certain costly services make some fees necessary. Account holders who use CO-OP Service Centers (Shared Branching Network) may be charged for some services. The amount charged will depend upon the service and is established by the hosting credit union.

Unless otherwise indicated, fees are charged at the time of service or transaction. If an account does not have sufficient funds, the assessment of a fee may result in a negative account balance.

Checking/Savings Options

page 1 of 4
